Insured Person: Any person on board the insured vessel other than any person employed in any capacity whatsoever by any owner of the vessel.

You are covered up to the amount insured under the schedule of compensation if you or your guests suffer bodily injury during the period of insurance while on board the vessel, including embarking or disembarking, within the cruising limits stated in the schedule, which results in your accidental death, loss of limb, loss of sight or permanent total disablement.

This insurance will cover the insured person(s) up to a maximum of 6 for bodily injury caused by an accident, or to the Executors or Administrators in the event of the death of the insured person(s) during the period of this insurance whilst on board, embarking or disembarking from the insured vessel and subject to the definitions, terms, conditions, limits and exclusions as set out below, and in the insurance to which this extension is attached.

We will pay up to the amount insured in respect of:

- ✓ accidental death, loss of limb or sight if such death or loss occurs within 12 months of the date of the accident
- ✓ permanent total disablement.

The most we will pay in all will not exceed 100% of the amount insured.

CONDITIONS WHICH APPLY TO PERSONAL ACCIDENT EXTENSION

Personal Accident Compensation shall not be payable for any person aged 80 years or over at the date of the accident.

Notice must be given to your insurance advisor as soon as reasonably practicable of any accident which causes or may give rise to a claim within the meaning of this insurance.

The insured person must, as soon as possible, place himself/herself under the care of a qualified medical practitioner.

If the consequences of any bodily injury are aggravated by any pre-existing condition which existed before the bodily injury occurred, the amount paid will be reduced to take account of any such condition. A pre-existing condition shall be any physical or mental condition, disability or infirmity for which you sought or received medical treatment or consultation at any time prior to the inception of this insurance.

It is a condition precedent to any liability hereunder to pay compensation to any insured person (or his representatives) that all medical records, notes and correspondence referring to the subject of a claim or a related pre-existing condition shall be made available on request to any medical practitioner appointed by or on behalf of the Insurers and that such medical practitioner shall, for the purpose of reviewing the claim, be allowed as often as may be deemed necessary to make examination of the insured person.

Any fraud or concealment or deliberate mis-statement by an insured person if unknown to you in relation to any matter affecting this insurance or in connection with the making of a claim under this insurance shall render this insurance null and void insofar as it relates to the insured person in question but any such fraud, mis-statement or concealment by or known to you shall render the whole insurance null and void and all claims hereunder shall be forfeited.

The following clauses are all excluded unless cover under this insurance is extended accordingly, subject always to the warranties, conditions, terms and exclusions of this insurance.

A. RACING RISK CLAUSE

This insurance is extended to cover loss of or damage to sails, masts, spars, standing and running rigging while the vessel is racing. However:

- (1) we shall pay only two-thirds of the cost of repair or replacement (but without deduction of the policy excess stated in the schedule) unless the loss or damage is directly caused by the vessel being stranded, sunk, burnt, on fire, in collision or by impact with an external substance (including ice) other than water, when we will pay the full cost (but subject to deduction of the policy excess stated in the schedule and the basis of settlement provision for depreciation)
- (2) cover under this clause in respect of any one occurrence shall be calculated on the basis that the full replacement cost of all sails carried (whether set or not) masts, spars and standing and running rigging does not exceed the amount stated in the schedule
- (3) for the purpose of this clause you agree that no additional insurance will be placed to cover any part of the cost of repair or replacement of any item covered under this clause.

B. SPEEDBOAT CLAUSE

This insurance is extended to cover the vessel notwithstanding that her maximum designed speed exceeds 17 knots but subject to the following additional conditions and exclusions:

1. There is no cover for any loss of or damage to the vessel for any salvage services:
 - (a) caused by or arising from the vessel being stranded, sunk, swamped, fully immersed or breaking adrift while left moored or anchored unmanned in an exposed place
 - (b) arising while the vessel is participating in racing or speed tests or any trials for that purpose.

2. There is no cover for any loss or damage to the rudder, strut, shaft, bracket, propeller or (in the case of outboards or inboards/outboards) gears or casings caused by or resulting from:
 - (a) negligence or latent defect
 - (b) heavy weather, except where the loss or damage is directly caused by the vessel being fully immersed by heavy weather
 - (c) impact, other than with another vessel, pier or jetty.
3. If the vessel is fitted with inboard machinery there is no cover for any loss of or damage to the vessel or for any salvage services caused by or arising from fire or explosion unless the vessel is fitted in the engine room or engine space, tank space and galley with a fire extinguishing system which is automatically operated or which has controls at the steering position and is properly installed and maintained in efficient working order.
4. Where the maximum designed speed of the vessel's boats exceeds 17 knots and where this clause is incorporated into this insurance the above provision shall apply separately to each of such boats.

C. WATER-SKIING CLAUSE

This insurance is extended to cover your legal liability or that of any crew member or other person using the vessel solely for private pleasure with your permission to pay damages or compensation up to the amount stated in the schedule to any person being towed by the vessel or while preparing to be towed or after being towed in connection with water-skiing, aquaplaning or any similar activity and to any liability incurred by such a person while participating in such activity, but excluding any liability which you or any other person using the vessel may incur in respect of death, injury or illness of the other.

We understand the process for making a claim needs to be clear and simple. The following section therefore is intended to let you know what is expected of you following any incident which may give rise to a claim and to let you know what information we will need. If you do not comply with your duties and responsibilities we shall not be liable to pay any claim under this insurance.

What you should do first:

Following any incident which may give rise to a claim under any section of this insurance you should respond as if you are uninsured and act immediately to protect, avert or minimise your loss. This may include:

- making arrangements to have your vessel lifted out of the water following sinking or partial sinking
- making the vessel watertight and weatherproof following damage
- securing access to the vessel following a break-in
- reporting theft, attempted theft or malicious damage to the police
- immediate preservative action to protect the engines

You should be aware that until such time as we have received all the information we require to consider the full details of the claim, any costs incurred in minimising the loss or damage will be for your own account, which following our conclusion of the claim may not be recoverable under this insurance.

What you should do next:

Contact your insurance advisor as soon as you can and provide the following information:

- your name, address, telephone and email address
- the date of the incident
- how and where the loss or damage took place
- telephone numbers and contact details for any person who can provide us with additional information concerning the loss or damage
- the crime reference number given to you by the police

You will be asked to provide us with two estimates for repairing any damage or for replacing any items which are lost or damaged.

THIRD PARTY CLAIMS

If you are involved in any incident which involves another vessel or other person(s), it is important you are aware of the following:

What we ask of you:

- do not admit liability or indicate any responsibility
- inform your insurance advisor of the details of the incident
- if you feel that the other person(s) is responsible for the incident you should write immediately to the third party holding them liable and asking them to provide you with details of their insurers. You must also send a copy of the letter and any response, unanswered, to your insurance advisor
- if you receive any correspondence from a third party or their insurer holding you liable you must forward this, unanswered, to your insurance advisor immediately.

PERSONAL ACCIDENT CLAIMS

What you should do:

- place yourself or any insured person on board under the care of a qualified medical practitioner as soon as possible
- inform your insurance advisor if the insured person is hospitalised outside of the United Kingdom
- inform your insurance advisor of the details of the accident
- forward all medical bills and prescription details to your insurance advisor

What we will do in return:

- send you a claim form(s) together with any initial advice or request for supporting documentation at the very latest within 72 hours of notification to us
- set in place a computerised diary tracking of each claim to avoid delays and to monitor progress
- appoint a surveyor and decide where the vessel is to be taken for docking or repair (we will pay any additional expenses which this causes). We shall also have the right to obtain competitive tenders or repair estimates
- if deemed necessary by your Insurer we will appoint a qualified medical practitioner to review any medical evidence submitted and to undertake any medical examination of the insured person.

CANCELLATION

If you decide you do not want to accept your new policy or renewal you must return the certificate of insurance and all documents to us or your insurance advisor within 14 days of receiving it or renewal documents 14 days from your renewal date. We will only charge you on a pro rata basis for time you have been on cover, although we will always retain a minimum premium of £50 + tax + cancellation fee (or equivalent currency as per schedule). Your insurance advisor may wish to apply a charge for their service. The balance will be returned to you.

You or we may cancel the policy at any other time subject to us both having to give each other 30 days notice or by mutual agreement. Any return of premium will be calculated as above.

Should the vessel be sold or ownership transferred you must notify us or your insurance advisor immediately. In respect of a jointly owned vessel, confirmation of the sale or transfer of ownership will be required from all parties. The insurance shall become cancelled from the date of sale or transfer and a pro rata daily return of premium calculated on the annual premium charged subject to our cancellation fee. Your insurance advisor may wish to apply a charge for their service.
